

# Welcome to FertilityIQ

## What FertilityIQ Offers

FertilityIQ is an online resource offering courses on family building subjects & doctor reviews on every clinic in the U.S. All courses feature experts from Yale, Johns Hopkins, Harvard, Stanford & more. Courses are video & text based—focusing on critical issues, distilling important data with easy to follow syllabi.

## Resource Details

ServiceNow is providing FertilityIQ memberships to its employees. This resource allows complete & unlimited access to the course-filled Knowledge Center & searchable access to all doctor & clinic reviews. You can also invite 2 additional guests to create an account for free.

## Who Uses FertilityIQ

- Those considering freezing eggs or embryos
- Anyone trying to conceive unassisted
- Anyone considering or going through fertility treatment
- Families growing through foster or adoption
- The LGBTQ+ community trying to plan for or build a family
- Unpartnered women & men

## Examples of Course Subjects

- Fertility 101 & lifestyle adjustments to conceive unassisted or while in treatment
- Courses on treatments like egg freezing, intrauterine insemination (IUI) & in vitro fertilization (IVF)
- IVF specific courses on drug protocols, genetic testing, donor eggs, ICSI, embryo transfers & more
- Topics like endometriosis & male factor infertility
- Courses for people of Black, East Asian, South Asian & Latinx heritage
- Fertility for trans feminine, trans masculine, gay & lesbian individuals
- Options for solo parents & those exploring adoption, foster & surrogacy
- Lessons for mental health, treatments on a budget, embryo decisions, military families, balancing work & treatments, & sensitivity training for colleagues
